

Welcome to the GSF Additional Support Offer

Below is some additional information and resources available to help you improve end of life care in your practice and attain QOF QI domain points as a practice team, Primary Care Network or CCG

- a) **GSF Digital E-PIG** - Use of E-PIG- digital support enabling early identification through data extraction from GP practices at either CCG or Primary care Network level - developed over 7 years ago and tried and tested + integrated Proactive core care plans for more details <http://www.goldstandardsframework.org.uk/gsf-digital-solutions>

To register for Digital solutions please complete this [order form](#)

- b) **Advance Care Planning Support Package** - A package of support to include the well-received GSF 5 Steps to ACP video, flyers, patient brochures, poster and training power points, that is public facing, non-threatening and can enable people to complete advance statements of preference. These can be offered to patients on your register and their families, encouraging them to discuss issues at home first, then to discuss this further with the practice team, using any ACP template used in your area.

To register for the ACP support package (GSF ACP 5 Steps Tri-fold Leaflet, Poster and booklet with video) **please email info@gsfcentre.co.uk**

- c) **Workshops and Events - GSF launch, Better Together events (care homes and GPs) or Integrated Cross Boundary Care.** If you wish any of the experienced GSF team members (or those from the many GSF Regional Training Centres) to lead an interactive workshop in your area, contact us on info@gsfcentre.co.uk. This can include a Primary care Network awareness raising event on end of life care, launch of Going for Gold, 'Better Together' event improving collaboration between GPs and care homes, or an integrated cross boundary care event, bringing all providers together.

- d) **Other settings- care homes, hospitals etc** - For more GSF programmes including the GSF Hospitals, domiciliary care, retirement village and other programmes. **For further information and registration please see** <http://www.goldstandardsframework.org.uk/training-programmes>

GSF Care Homes programme - The well regarded GSF Care Homes Programme with Accreditation and Quality Hallmark Award - helps improve proactive personalised care and reduce hospital admissions and deaths for further information please follow the link <http://www.goldstandardsframework.org.uk/care-homes-training-programme>
