

**Gold Standards Framework
in Care Homes -
Accredited Care Homes**

Care Homes that have received the Quality Hallmark Award

The GSFCH Training Programme aims to improve the organisation and quality of care for residents in the last years of life, to improve collaboration across boundaries and to reduce avoidable hospital admissions. To qualify for accreditation, care homes must have undertaken the full GSFCH Training programme over 6-9 months, embedded this into their homes for at least 4-6 months and then undertaken a rigorous accreditation process 'Going for Gold'.

There are many benefits to being a GSF Accredited Home and we hope that this will encourage other homes to go forward for accreditation in future. This process ensures Quality Improvement; Quality Assurance and Quality Recognition for all homes involved and can reassure PCT commissioners and others that good end of life care will be provided for their residents.

We are delighted to announce that this year there are **13** 4th time accredited care homes, **32** 3rd time, **20** 2nd time and another **22** care homes that have been accredited for the first time!

Congratulations to all 87 care homes receiving the GSF Quality Hallmark Award!

The accreditation process is endorsed by the English Community Care Association, Registered Nursing
