

# Welcome to the GSF SILVER support offer

## Quality Improvement Programme

### Recognised Certification Level

**The Silver programme** includes 3 additional resources as well as access to the free resources, to ensure you make the most of this opportunity to improve end of life care in your practice and demonstrate QI changes. These include audits, a practical workbook with QI guidance, and a succinct easy-view teaching animated video that takes you through each step and ensures you and your team make real progress together. Do also refer to the free resources.

#### 1) **Audits demonstrating change**

We at GSF have developed 3 Quality Improvement Retrospective Death Analysis (RDA) to support you in achieving the key aims of QOF and demonstrating QI activity i.e., *early identification of people in their last year of life, improved coordination and planning of care around their wishes and identification and support for families and carers.*

#### 2) **QI Workbook and guidance.** We have also developed a workbook that acts as a guide for your staff on how to improve End Of life Care within your practice or practices This includes

- 1) Practical guidance on early identification
- 2) Better coordination of care with care homes
- 3) Supporting families/care givers

#### 3) **Videos**

As well as the other 2 videos on the GSF website raising awareness in EOLC and sharing experiences of other frontrunning teams, we have also developed a new easy to view animated summary, an animated summary with QI templates and action plans leading to attainment of Silver certified certificate level

**To register – complete the [Silver Registration Form](#) - Cost £395+VAT**
